Enabling sustainable growth in our marine area

From: Rebecca Hubbard [mailto:rebecca@our.fish]**Sent:** 15 November 2018 11:31**To:** MMO Access to Information <accesstoinformation@marinemanagement.org.uk>**Subject:** Request for monthly fisheries landings data

Dear MMO ATI team,

I am the Program Manager of Our Fish - a program that works for sustainable fisheries as part of Funding Fish (UK Charity No:163785).

Can you please provide me with the following data for all UK vessels (including both UK and foreign ports):

- Monthly landed weight and live weight volumes for cod from 2005 - 2018 inclusive;
- Split into 'below Minimum Conservation Reference Size' and 'above Minimum Conservation Reference Size'

We understand that the landing obligation only started applying to cod in the North Sea in recent years, so there should be no below MCRS for many of these years.

Can you please tell me when this data will be provided?

If you have any questions about my request, please email me back or call the number below.

Many thanks and best regards,

Rebecca
